Owner and Trainer Account Funds will **NOT** be released until the week after the race meet concludes or until all test results are in for any horses that were tested.

A \$500 Jockey Bonus will be available for all Riders who have met the eligibility requirements at the conclusion of the 2026 VBA Race Meet.

The SD Commission on Gaming will be available to begin providing various racing licenses that are required to participate in this race meet on October 2nd at 8:30 a.m. CST at the Expo Center Meeting Room.

You **must** have your 2025 SD License in hand to be eligible for a 2026 license renewal or else it will be treated as a new application.

*Additional rules and modifications to existing VBA rules may be added to final copy of the 2026 VBA Condition Book at the discretion of the Executive Secretary of the SD Commission on Gaming.

*The Verendrye
Benevolent Association
would like to*

*for helping make the
horse races a success
every year.*

Verendrye Benevolent Association Track Rules for 2026

1. Only horses which have successfully completed at least one race within the last year at a recognized Track or successfully completed two (2) timed works within the last six months either or both of which must be recorded on Equibase, will be eligible to enter races offered at this race meet.
2. All horses competing at this race meet must be identified accurately by whichever means is deemed necessary by the Track Identifier before saddling in the paddock area. Any horse which is not readily identifiable will not be allowed to compete at this race meet. Final discretion in these matters will be offered by the Track Identifier after consultation with the Stewards.
3. All races in this condition book will be written for a weight of 128 pounds unless otherwise specified or stated.
4. All races offered will be with SD Bred Preference unless otherwise specified in the Race Conditions. Certain races will be offered with High Weights as a secondary factor in determining eligibility and will be clarified in the Race Conditions. Accumulated earnings in specified year(s) in condition will be considered when determining High Weight Preference.
5. No horse will be allowed to compete more than one time within a 48 hour time period during this race meet.
6. Stalls available to all horses upon arrival at the Stanley County Fairgrounds beginning September 28th, 2026. Stall assignments will be offered in a cooperative manner under the discretion of the Stall Manager after presentation of a current and legitimate Certificate of Vet Inspection and Coggins. No stall fee will be assessed but rather **a \$50 entrance fee will be assessed to all competing horses and paid to the VBA General either by cash or bankable check and presented to the VBA Bookkeeper. The Entrance Fee Cannot be combined in payment with Jock Mount of Other Fees.**
7. Nomination Fees and Pass The Box Fees are Due at Time Of Entry and need to be paid to the VBA Bookkeeper.
8. It is strongly recommended by the SD State Veterinarian and the Track Veterinarians that all horses be vaccinated for infectious diseases, specifically Equine Herpes Virus. All horses entering the Stanley County Fairgrounds must be accompanied by a Certificate of Vet Inspection (CVI) from a licensed and accredited Veterinarian. Proof of a negative Coggins Test within the last twelve months and other relevant and important information must be listed on the CVI. An import permit number from the SD Animal Industry Board is required if a horse is entering a state with active cases of Vesicular Stomatitis. The CVI must be current and issued within the last 10 Days of entry into the Stanley County Fairgrounds. All CVI's will be checked at the barn area by VBA Personnel that have received the proper training from our Track Veterinarians in this area. No horses will be allowed to unload until this process has been completed. If an inspection is needed you may contact our Track Veterinarian, Murray Kettler at (605)222-0456 and arrange an appointment or contact the Veterinarian of your choice. Horses will be allowed admittance to the Stanley County Fairgrounds on Tuesday, September 28th, 2026.

Verendrye Benevolent Association Track Rules (continued)

9. VBA will take entries for Saturday, October 3rd on Tuesday, September 29th. Entries will be taken between the hours of 9:00 AM and 12:00 PM CST. Entries may be submitted by contacting Melissa Cross at (605)280-1767. The VBA is requesting that an electronic photo of an entry registration document be submitted via text message to Melissa. We understand that this is not an option for all but do believe it may provide a bit of clarification in the entry process. ALL Papers for competing horses MUST be in the Racing Office no later than 12:00 PM CST on the day the horse is scheduled to compete. Failure to do so may result in a Scratch. VBA Officials will be present to begin receiving registration papers on Monday, September 28th, 2026 at 10:00 AM CST. Prior to entry, all digital certificates are required to be assigned to: Fort Pierre Race Track.

10. Officials of this VBA hosted race meet reserve the right to delay, postpone, modify or cancel any or all races which they deem necessary in order to preserve the safety of all involved due to adverse conditions. If overnight "scratches" result in a field of four (4) or less equine participants then in all likelihood that entire race will be cancelled.

11. The decisions of the Racing Stewards, in all related matters, are final, while entries are accepted only on the condition that all individuals entering/starting a horse in a race agree to abide by the decisions of the Racing Stewards.

12. Any change in horse ownership within 48 hours of entries must be approved by the Track Stewards.

13. Claiming Races. For a claim to be viable it must be placed in the Claim Box prior to the first horse with a rider aboard leaving the paddock area and entering the race track for the race in which the claim is being made. Funds to claim a horse MUST be Cash, Cashiers Check or Certified Check. These funds MUST be deposited into the Owners Account that specifically and identically matches the name on the claim card.

14. All wins of all races will be recorded by the Racing Secretary on the registration papers of race winning equine participants.

15. All Exercise Riders, Jockeys and Outriders must obtain a current 2026 SD Racing License before entering the race track. All Exercise Riders, Jockeys, Outriders, Gate Crew, Owners, Trainers, Grooms, Pari Mutual Workers, and Track Officials are required to obtain a current 2026 SD Racing License to be in compliance with SDCG and VBA Track Rules. You must have your 2025 SD Racing License in order to be eligible for renewal in 2026 or it will be treated as a new application.

16. All Exercise Riders and Jockeys MUST Wear Flack Jackets and Helmets while performing on the race track in any capacity.

Copies of the South Dakota Commission on Gaming rules and regulations for horse racing, ARCI Controlled Therapeutic Medication Schedule for Horses Version 4.2.1 dated December 2020 and Uniform Clarification Guidelines for Foreign Substances and Recommended Penalties Model Rule version 19.1 dated December, 2025 will be available starting October 2, 2025 at the South Dakota Commission on Gaming Licensing and Stewards office located at the in the Stanley County Expo Center at the Stanley county fairgrounds.

The following rules regarding medications and penalties were amended or added in June of 2026 and will become effective in August / September of 2026:

20:04:27:12. Penalty for medication violations. If a urine, saliva, or blood specimen taken under the supervision of the commission veterinarian from a horse entered in a race, is analyzed by the official chemist and indicates the presence of a drug, chemical, medicine, analgesic, or injectable, which is not specifically authorized by these rules or is authorized but detected at a threshold in excess of the thresholds stated in the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule for Horses Version 4.2.1 dated December, 2020, or the Uniform Clarification Guidelines for Foreign Substances and Recommended Penalties Model Rule Version 19.1 dated December, 2025, any of the following penalties may be imposed:

- (1.) The purse for the race is redistributed;
- (2.) A track record established by the horse in the race is declared void;
- (3.) The trainer of the horse is fined up to five hundred dollars, is suspended, has the trainer's license revoked, or any combination of these penalties;
- (4.) A horse which has had a positive test for an illegal substance or an illegal amount of substance may be suspended from racing for a period equal to any suspension given to the horse's trainer or owner-trainer for the same incident; and
- (5.) In a claiming race, if a claimed horse has a positive test, the stewards at their discretion may void the claim.

Each time a trainer or an owner-trainer has been fined or suspended in South Dakota or any other racing jurisdiction for violation of rules prohibiting the use of illegal substances or regulating the use of controlled therapeutic medications constitutes an offense.

Therapeutic medications authorized by the Association of Racing Commissioners International Controlled Therapeutic Medication Schedule for Horses Version 4.2.1 dated December, 2020, and the Uniform Clarification Guidelines for Foreign Substances and Recommended Penalties Model Rule Version 19.1 dated December, 2025, may only be used under the following conditions:

- (1.) Only a licensed veterinarian may administer a medication in injectable form;
- (2.) A trainer may administer a medication other than with an injection if a veterinarian licensed by this state or another racing jurisdiction has prescribed or approved the use of the medication;
- (3.) Medications, except furosemide and phenylbutazone, may not be administered to a horse on the day the horse is scheduled to run;
- (4.) A veterinarian administering furosemide shall submit a written report to the commission veterinarian or the state steward on forms provided by the commission. The use of furosemide or phenylbutazone must be declared at the time of entry. Failure to submit the report may subject the veterinarian and the trainer of the horse involved to disciplinary actions by the stewards or the commission;

- (5.) A horse may be tested if it is noted on the veterinarian list as using an authorized medication but is suspected to be racing without that medication. If a urine or blood sample from the horse fails to disclose the presence of furosemide or phenylbutazone, the horse and its trainer may be subject to disciplinary actions by the stewards or the commission;
- (6.) For a horse being shipped into a licensed track in this state, a report from a licensed veterinarian of another racing jurisdiction certifying that the horse has been treated with an authorized medication in accordance with the provisions of this section may be accepted by the stewards. The report must be filed with the presiding steward or the commission veterinarian before 10:00 a.m. on the day of the race; and
- (7.) Notice of use of furosemide or phenylbutazone must be given to the public.

ARCI Controlled Therapeutic Medication Schedule for Horses - Version 4.2.1

Revised – December, 2020

Controlled Therapeutic Medication	Threshold	Withdrawal Guideline	Dosing Specifications	Reference Notes	Note
Acepromazine	10 nanograms per milliliter as 2-(1-hydroxyethyl) promazine sulfonide (HEPS) in urine	48 hours	Single intravenous dose of acepromazine at 0.05 milligrams per kilogram	University of California at Davis project	Applicable analyte is metabolite HEPS
Albuterol	1 nanogram per milliliter of urine ¹	72 hours	720 micrograms total dose intra-nasal only ² ; Based upon dosing up to 4 times per day	European Horseracing Scientific Liaison Committee Data	See Endnote
Betamethasone <u>Harness Racing Only.</u>	10 picograms per milliliter of plasma or serum SEE NOTE BELOW	7 days	Intra-articular administration of 9 milligrams of Betamethasone Sodium Phosphate and Betamethasone Acetate Injectable Suspension, USP (American Regent product #0517-0720-01) ³	RMTC study	Intra-articular dosing only - applicable analyte is betamethasone in plasma or serum
Butorphanol	300 nanograms per milliliter of total butorphanol in urine or 2 nanograms of free butorphanol per milliliter of plasma or serum	48 hours	Single intravenous dose of butorphanol as Torbugesic® (butorphanol tartrate) at 0.1 milligrams per kilogram	<i>Journal of Veterinary Pharmacology and Therapeutics</i> doi: 10.1111/j.1365-2885.2012.01385.x	Applicable analytes are total butorphanol (drug and conjugates) in urine and butorphanol in plasma (the drug itself, not any conjugate)

¹ For Quarter Horses: Level of Detection in any permitted biological sample.

² Administration of albuterol by any means other than intra-nasally has a high likelihood in resulting in a positive finding. This specifically includes oral administration. Trainers and veterinarians are cautioned against using oral albuterol.

³ Intramuscular administration of betamethasone acetate will result in plasma or serum concentrations that will exceed the Regulatory Threshold for weeks or even months, making the horse ineligible to race for an extended period.
